DETAILED ACTION

Specification

1. The amendment filed 7/17/01 is objected to under 35 U.S.C. 132 because it introduces new matter into the disclosure. 35 U.S.C. 132 states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows: "The polyester portion of the aqueous polyester polyurethane is preferably made by condensing 1, 4-butanediol or 1, 2-ethanediol with adipic acid. The diisocyanate compound used in the aqueous polyester polyurethane dispersion is preferably a diisocyanate compound selected from he group consisting of hexamethylene diisocyanate, isophorone diisocyanate. And combinations thereof."

Applicant is required to cancel the new matter in the reply to this Office action.

2. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to
